9. README.md – Project Guide

Project Name: FitBuddy - AI Fitness Plan Generator using Gemini Models

Detailed Project Phase Documentation

1. Project Title

FitBuddy - AI Fitness Plan Generator using Gemini Models.

Tabulation

README Section	Content
Description	Project purpose
Requirements	Software and API access
Installation	Setup instructions
Usage	Running the application
Future Scope	Possible extensions

Coding / Technical Example

```
# FitBuddy
## Installation
pip install -r requirements.txt

## Run
python app.py

## API Key
Set GEMINI_API_KEY as a server-side
environment variable.
```
